TRANSPORTER

HARDWORKING HERO: JOB 267

Dynamic Duos. With four forward-facing seats and plenty of bed space, the Transporter lets two sets of housekeepers work out of one reliable vehicle. This cuts fleet costs and improves efficiency. Give your fleet a clean sweep with the Transporter.

HARDWORKING HERO: JOB 801

Rapid Transit. The Transporter can get a team of up to 6 problem solvers and their gear together in a flash. The optional fold-down rear seat easily converts to a 1.5 m² (16 ft²) cargo bed for added versatility.

VERSATILITY & RELIABILITY

Payload. Total vehicle capacity of 680.3 kg (1500 lb).

Best-in-class EFI powertrain: The vehicle's 10.3 kW (14 hp) rated Subaru overhead cam engine with electronic fuel injection improves fuel efficiency as much as 50%. It also has a filter-less oil system, an optional limited slip differential for improved traction, and a side fuel tank. Beat that!

Improved charging. The industry's only standard on-board high-efficiency charger with cord retractor. This new system operates on voltages around the globe, and tolerates voltage swings that would shut down lesser chargers.

More durable than steel. Carryalls are built on Club Car's exclusive lightweight, rustproof, air-craft-grade aluminum frame that's designed to be stronger than steel. Unlike competitive steel frames, it resists corrosion and retains resale value.

Fit-to-task utility. A one-of-a-kind bed box with an integrated track-based attachment system, optional tool holders, bed dividers and cargo tie downs increases versatility and saves floor space. So you can do more with less.

Improved ergonomics. Cockpit style interiors with restyled hip restraints make the vehicles easier to enter and exit. And an ergonomic dash puts the key switch, shifter and gauges at the driver's fingertips.

The best warranty in the industry. The industries longest standard battery, powertrain and bumper to bumper warranty.
